TEAM BUILDING THEMED DINNERS MARQUEES ACTIVITIES CONFERENCE & INCENTIVE MANAGEMENT

Peak Teams – A Rising Success

Need a fresh direction for your conference content? Peak Teams, HQ's new team development and leadership programme, has quickly captured the attention of everyone we have presented it to, with 6 programmes run in less than three months. It is also gaining popularity around the world with new clients Hewlett-Packard, Google and Telstra. To date, HQ have facilitated programmes for a number of local Queenstown companies, for the ANZ Private Bank and also travelled to Dubai for stage 1 of a company's training programme. Both versatile and portable, this incredibly effective programme really will make the difference as teams undertake a virtual adventure, transporting them to the high alpine peaks and the African savannah. Call Rob now to find out more or email him on rob@hqnz.co.nz

New Outdoor Team Building Products

Why not consider an orientation event for your conference or incentive group as an effective way to not only build teams but

also introduce guests to the spectacular area they have been brought to. HQ have developed two new products to meet this need. The Q Quest is a photo and orientation challenge which also

incorporates a variety of wine and food taste challenges. Participants discover the area and also learn something about the local products and history. The Great Queenstown Car Rally is run along similar lines

with teams self-driving around the Wakatipu Basin area, allowing them to cover a larger area and experience a wider variety of challenges and sights. For prices and more information call HQ now.

Queenstown Car Launch

Towards the end of 2006, HQ managed a prestigious car launch event.

170 Australian car dealers were flown to Queenstown for the official unveiling of the new model. The launch event was an exciting

combination of jetboat stunts, lakeside skits and fine the 'Now Playing'

After the launch event, HQ filled the guests' next 4 days with hands-on experience of the new car, spectacular dinners at a private winery and exhilarating activities including helicopter flights, jetboat trips and 4-

dining, all inspired by image of the vehicle.

wheel drive safaris.

Dinner With A Difference

As an alternative to the standard sit-down Gala Dinner with a central stage for entertainment, HQ provides a dinner with a difference, a more casual affair.

The venue is furnished with couches and casual café-style seating and can be themed as required. Entertainment is progressive with character entertainers mingling with the guests and food service is relaxed with food stalls stationed around the venue. Ask one of the team about how HQ's Progressive Dinners can work for your event.

ICE...Mission Possible

A real-life ice theme with a secret agent agenda. Last winter HQ hosted 170 guests for dinner up at Coronet Peak Ski Lodge. The natural alpine setting was the stunning backdrop to a host of themed entertainment including

husky dog sleds, a live ice carving performance and character entertainers taking on the roles of James Bond and his evil adversary. Inside the venue was impressively themed with a snow cave

entrance, UV-lit mountain peaks and stylised fur-trimmed centrepieces. A gourmet barbecue and a lively dance floor ensured that the whole experience met all of our client's requirements.
