TEAM BUILDING THEMED DINNERS MARQUEES ACTIVITIES CONFERENCE & INCENTIVE MANAGEMENT

### Leadership and Corporate Development – anytime, anywhere!

HQ NZ are now providers of an innovative and world-leading team building programme which delivers tangible business applications as well as fun experiences and a real sense of adventure and accomplishment. Run in an indoor environment, the options can be provided at your offices, during conference and as ongoing developmental programmes.

Participants are taken on a virtual adventure and, in teams, are challenged to make decisions based on real-life situations. Inspiring presenters and interactive DVD technology transport participants to some of the most spectacular places on Earth from Everest to the African Savannah. To date, clients include 5 of the top 10 Australian companies as well as global benchmark corporations such as Seagate Technologies, University of Berkeley California and Genentech.

For more information on how the Peak Teams programmes can accelerate learning and improve results for your company contact Rob on +64 3 442 3880 or [rob@hqnz.co.nz](mailto:rob@hqnz.co.nz) and come and see us at Meetings 2006 for a Video Presentation.
